

## What attracted you to Bank of America?

“The friendly and open-minded culture attracted me to join the company.”

### What is your current assignment and primary responsibilities?

I work on the MLX team, in charge of providing client service support for various e-commerce platforms within the company.

### What was the best project you worked on?

My role is to collect data from the team and extend and/or widen the services we support in the Asia Pacific. The best project so far was the analysis of different responsibilities with a global team.

### What attracted you to Bank of America?

The friendly and open-minded culture attracted me to join the company.

### What is the best thing about living and working in your location?

Hong Kong is one of the most multinational cities in the world, which gives me great experience dealing with people from different cultures.

### What advice would you give to someone considering an opportunity at Bank of America?

Be prepared with the difficult questions interviewers may ask. And, above all, be honest.
