

What advice would you give to someone considering an opportunity with Bank of America?

“Remember to consider ALL your opportunities.”

What is your current assignment and primary responsibilities?

I am part of the Basel II Data Quality team at Bank of America. I specifically support the retail data with the goal of ensuring that the data is complete and accurate for Basel II Regulatory Reporting.

My principle responsibilities include the following: support end-to-end testing; defect analysis and resolution; and post month-end data quality reporting, which includes running SQL scripts, compiling into reports and performing analysis on the data quality issues.

What is the most challenging part of your job?

The most challenging part of my job is working with a virtual team. I was used to working with a team in the same locale and thought working virtually would be a challenge. By using the available technology and tools, I have not experienced any negative impact from working virtually.

What attracted you to Bank of America?

Bank of America is a global company. It has a great reputation, and I see limitless potential for career growth and opportunity. Additionally, Bank of America saw potential in me, despite my lack of real-world experience, which further strengthened my desire to work for the company.

Who is the most influential person in your Bank of America career?

One of my colleagues has been the most influential person in my Bank of America career. She willingly provided guidance and coaching. I believe that she was a true advocate of my potential and for my career. During the workday, she made herself available for project discussions, reviews or comments about the day-to-day.

What advice would you give to someone considering an opportunity at Bank of America?

If somebody is considering an opportunity at Bank of America, I would recommend the following:

- 1) Ask as many questions as possible to the hiring manager.
- 2) Remember to consider ALL your opportunities. The last thing you want is to be unhappy.
- 3) Try creating a pro/con list to document what factors are most important to you.

If you participated in a summer intern program at Bank of America, describe your experience and the value of your internship.

I was fortunate to participate in two summer intern programs prior to becoming a full-time associate at Bank of America. These unique opportunities allowed me to gain real-world experience. I was challenged and given significant and meaningful tasks.
